Projects Accomplished

SPA/PWA projects

- [Wingreensworld](#) - A multi-vendor FMCG website built using [NexPWA](#) and Adobe Commerce Cloud
- [ShureShop](#) - Sells premium musical instruments worldwide. Built using NexPWA.
- [Samyakk](#) - A fashion E-commerce PWA store with Magento on its backend and **Vue Storefront** as its frontend
- [Zwende](#) - Build a fully fledged SPA on top of **NuxtJs** having Magento on its backend

- [ScandiPWA](#) - Currently leading a team of ReactJS and Magento developers, to build a tool on top on ScandiPWA to serve as a plug-and-play PWA theme for Magento, focussing on clients from the APAC and European countries.

Magento Websites developed/worked on

- [NestO Hypermarket](#) - An E-commerce hypermarket
- [Ing Online](#) - Online gift shop for Qatar Museum
- [Happieesouls](#) - Online NGO donation platform
- [Dave AI](#) - Magento 1.x and 2.x Extension
- [Zaabel](#) - Online Jewellery Shopping Store
- [Soul Slings](#) - A family-run baby carrier company from Bangalore, India
- [Made With Passion in BLR](#) - Platform for a film about startups

Side-projects/Hobby-projects

- [OM](#) - An object manager system inspired by Magento's Object Manager, with features such as Dependency Injection, Plugins, etc.
- [Chobi](#) - The Image Processing Library made in pure Javascript
- [JST](#) - A templating engine written purely in Javascript
- [TMVC](#) - The Tiny MVC Framework for PHP
- [Magento Heatmap](#) - A Heatmap tracker and viewer extension for Magento
- [SnakeJS](#) - A traditional Snake Game implemented in Javascript using the HTML5 canvas
- [Diana](#) - The pseudo artificial intelligence made in Javascript
- [AsyncTask-JS](#) - Asynchronous Task execution implemented in pure Javascript using Javascript promises (along with Ajax support)
- [Ajaxer](#) - A tool for converting all (or some) traditional forms in your page to ajax
- [jsLogger](#) - A Javascript Keylogger (Chrome Extension)
- [Asteroid Dodge](#) - A very basic game made purely in HTML,CSS and Javascript which demonstrates the basic challenges which come up while designing a game from scratch.

Apart from the project mentioned, I am also a frequent community contributor in both [Magento](#) as well as [ScandiPWA](#)
